Perform related duties as assigned.

KNOWLEDGE AND ABILITIES:

KNOWLEDGE OF:

Advanced principles, techniques and operation of lighting and sound used in stage production work.

Advanced design theories and lighting practice for theatre, music and dance performance.

Advanced techniques in the use of visual and oral design components.

Expert level techniques and procedures in application of design, color, and perspective in multimedia presentations.

Concepts and technologies in lighting for theatre, music, dance and related performance areas.

Electrical set-ups.

Principles and philosophy of stage productions.

Fire, safety and health regulations.

Inventory control and equipment check-out procedures and methods.

Interpersonal communication skills using tact, patience and courtesy.

Strong oral and written communication skills.

Computer hardware and appropriate software applications.

ABILITY TO:

Theatre Operations Technician - Continued

- Design stage setup for performances.
- Design and operate lighting and sound systems for stage productions.
- Train and provide guidance to others in the operation, use, construction and maintenance of stage properties and equipment.
- Coordinate the use of theatre facilities and equipment.
- Enforce fire, safety and health regulations.
- Work cooperatively with others.
- Work independently with little direction.
- Analyze situations accurately and adopt an effective course of action.
- Plan and organize work to meet schedules and time lines.
- Train and provide work guidance to others.
- Communicate effectively both orally and in writing.

EDUCATION AND EXPERIENCE:

Any combination equivalent to: a four-year degree in theatre and two years of experience involving design, stage machinery design and control; special effects; computer application for stage operations; and the operation and maintenance of stage equipment and materials, as well as computers and computer control boards.

LICENSES AND OTHER REQUIREMENTS:

Valid California driver's license.

WORKING CONDITIONS:

ENVIRONMENT:

- Stage and scene shop environment.
- Work variable hours.
- Regular exposure to fumes, dust, odors, noise, and frequent interruptions.

PHYSICAL ABILITIES:

- Lifting, carrying, pushing or pulling heavy objects.
- Climbing ladders with equipment.
- Hearing and speaking to exchange information.
- Standing for extended periods of time.
- Walking.
- Reaching overhead, above the shoulders and horizontally.
- Seeing to perform various duties.
- Dexterity of hands and fingers to operate various equipment and tools.
- Bending, kneeling and crouching.

HAZARDS:

- Electrical work involving high voltage.
- Fumes from paint, glue, dust, and smoke.
- Working around and with machinery having moving parts and cutting blades.
- Working at heights.
