# ASK THE EXPERT FROM BEST DOCTORS

MY SON IS TAKING RITALIN...

IS THIS SAFE FOR HIS HEART?

I'VE CHANGED MY DIET, BUT MY CHOLESTEROL IS STILL HIGH... WHAT NOW?

## NOW YOU HAVE 3 WAYS TO BE SURE ABOUT YOUR HEALTH

#### NEW! ASK THE EXPERT

If you have basic questions about your health condition and treatment options, Best Doctors now offers another way for you to get the answers you need.

Ask the Expert is here to provide you with advice you can use from expert physicians about your particular medical condition. You no longer have to wrestle with confusing Internet searches for answers to your medical questions. Instead, you can get expert information from a doctor who fully understands your unique situation. We can even help make sure you're asking the right questions!

### IN-DEPTH MEDICAL REVIEW

If your situation is more complicated, Best Doctors may recommend a more involved consultation service. It's like a second opinion - only better.

An expert specialist will conduct a full review of your diagnosis and treatment plan, and either confirm what you've been told or recommend a change.

We'll collect and analyze all your relevant medical records. You'll receive a comprehensive report recommending the right course of action. It's completely confidential and provided at no cost to you.

#### **FIND A DOCTOR**

When you need to find an in-network specialist you can trust, call Best Doctors and gain access to 48,000 doctors voted best-in-class by their medical peers. Connect to the right doctor for all health issues.

Best Doctors is not just a search tool. We will go above and beyond by contacting the physician's office, confirming health plan participation and appointment availability, and will even prepare you for your doctor visit with important questions to ask.
