

ACADEMIC RENEWAL

Reference: Education Code Sections 55764, 55765, 55761, 55044

Given that past performance does not always reflect a student's actual ability, the Southwestern Community College District allows for previously recorded substandard academic performance (grades D, F or NP) to be disregarded if it is not reflective of a student's current demonstrated ability. The Superintendent/President shall establish procedures that provide for academic renewal.

Southwestern College will honor the academic renewal policy of other accredited institutions in disregarding or removing previous work from degree consideration. Academic renewal by the Southwestern Community College District does not guarantee that other institutions will approve such action. The determination will be made by the respective transfer institutions.
