The Board-approved Project List

The "Strict Accountability in Local School Construction Bonds Act of 2000," comprising Section 15264 et seq. of the Education Code, controls the method by which the District will expend Bond proceeds on its capital improvements. Prior to the Election, the District prepared and submitted to the Board for approval a master list of capital

improvement projects to be built, acquired, constructed or installed with the proceeds of the bonds authorized at the Election.

The Projects to be constructed, improved, installed or otherwise implemented for the District from the proceeds of the Bonds and the other bonds issued under the Authorization includes certain of the following elements, as approved by the Board for financing with such proceeds. Projects appearing on the Project List include but are not limited to the following:

Southwestern College, Chula Vista Campus

- Repair, upgrade, maintain, equip, and/or replace obsolete classrooms, science and computer labs, library, instructional and job training buildings, facilities, sites and outdated utilities.
- Expand classroom and facility capacity, construct classrooms, improve science center, learning resource center/library, and upgrade classrooms.
- Improve safety and disabled access through the upgrading of existing fire alarms, sprinklers, smoke detectors and fire doors, the installation of security systems and other safety measures, and the improvement of accessibility for the disabled.
- Upgrade technology by providing up-to-date technology facilities, upgrading Internet access and wireless cable technology, building "smart classrooms" to improve technology-enhanced and distance learning, upgrading telecommunications systems, upgrading campus-wide technology, replacing outdated computers, replacing network infrastructure equipment and installing wiring upgrades.
- Repair, replace and upgrade electrical and mechanical systems to reduce energy consumption and utility bills and accommodate computer technology, Internet access and communication systems.
- Improve access to the campus through improvements to the campus road network and the expansion of the student parking area.
