

Southwestern College

2002–2003 Catalog Addendum

Course modifications are noted in bold and strikeout.

Catalog Corrections

HUM 250. Our Global Future: Values for Survival

Lecture 3 hours

Offered: Fall, Spring

Interdisciplinary course designed to challenge students to consider the limits of science, broad issues involved in global survival, and the need to develop a social consciousness in relation to the biosphere. The course also embodies a critical examination of the relationship between social, political, and economic institutions in a contemporary as well as historical setting. Both a Western and non-Western context is explored allowing consideration of new modes of thinking and possible acquisition of a more harmonious world view. (Same as PS and PHS 250.) [D; CSU; UC]

PS 250. Our Global Future: Values for Survival

Lecture 3 hours

Offered: Fall, Spring

Interdisciplinary course designed to challenge students to consider the limits of science, broad issues involved in global survival, and the need to develop a social consciousness in relation to the biosphere. The course also embodies a critical examination of the relationship between social, political, and economic institutions in a contemporary as well as historical setting. Both a Western and non-Western context is explored allowing consideration of new modes of thinking and possible acquisition of a more harmonious world view. (Same as HUM 250 and PHS 250.) [D; CSU; UC]

Associate in Science Degree

Prepares students for careers in nursing through the study of the humanities, natural/social sciences, and the field of nursing. Emphasis is on nursing theory and clinical practice. Graduates are eligible to apply to the California Board of Registered Nursing to take the examination for licensure as a registered nurse.

Additional General Education and Graduation Requirements

Proficiencies required for department acceptance into this program include basic nursing skills (CNA or equivalent) college-level reading, and prealgebra math.

* Four semester units of equivalent courses from an accredited institution. Required science courses taken at Southwestern College have prerequisite courses of Biol 100, 101 and Chem 100 or 170 or equivalent.
