CAMPUS POLICE

It is the policy of the Southwestern Community College District Board of Trustees to protect all members of the college and the property of the district. Under the direction of the Vice President of Business and Financial Affairs, the college's Police Department ensures that reasonable protection is provided by using methods that fit within and contribute to the educational philosophy and processes of the institution. The Southwestern Community College District Police Department is a P.O.S.T.—certified department, and officers have peace-officer authority pursuant to the California Penal Code section 830.32(a) and Education Code 72330; as such, Southwestern Community College police officers have the power to make arrests and issue citations. All sworn officers have completed Peace Officers Standards and Training (P.O.S.T.) mandated training and complies with Government Code section 1031 requirements. College police officers receive reports on violations occurring on campus and are responsible for investigating crime. Local law enforcement officials will be summoned when necessary.

Southwestern Community College District has formal Memoranda of Understanding with local law enforcement agencies, which details specific crimes that the Southwestern Community College District Police Department will handle. The Southwestern Community College District Police Department works closely with local, state, and federal police agencies and has direct radio communication with local law enforcement agencies via a regional radio network. Southwestern Community College District does not have any off-campus student organizations and does not monitor off-campus student criminal activity.

The college also employs students with training specific to general security, and they provide security patrols, parking enforcement, and escorts to those requesting the service. Campus police employs community service officers who provide security services on district property outside of regular operating hours.

CRIME REPORTING PROCEDURES

No community can be totally risk-free in today's environment; however, students, staff, faculty and visitors can work together to create an atmosphere that is safe and conducive to learning. An important part of this is reporting any crime that occurs on Southwestern Community College District property. Faculty, staff and students are encouraged to promptly and accurately report crimes and other emergencies directly to the Campus Police Department, but they may also report these incidents to designated campus security authorities (including, but not limited to, Human Resources, Student Services, counselors, Instructional Services, Disabled Services, EOPS, Health Services, athletic directors, deans, VP's, and police). To report a crime or other public safety issue, dial *91 from any college phone,

*91 from a college payphone, contact Campus Police from any emergency call box located in parking lot. An individual who reports a crime may remain anonymous if he or she desires. College counselors are encouraged to inform clients of voluntary, confidential crime reporting procedures when appropriate. Southwestern Community College District Police, Counseling Services and Health Services will accept confidential and anonymous reports of crimes for inclusion in the annual statistical report and timely warning notifications.

CALL BOXES

The yellow emergency call boxes are located in parking lots on the Chula Vista campus. Emergency phones connect directly to Campus Police. Call box hours of operation are 5 a.m.–12:00 p.m., Monday–Saturday. Campus Police may also be reached by dialing *91 from any pay phone on campus.

TIMELY WARNING & EMERGENCY NOTIFICATION POLICY

On occasion you will see timely warning notices describing dangerous incidents or recent crime trends that may threaten persons' personal safety. In an effort to keep the college community aware of such incidents, it is our policy to disseminate these notices via campus email, posting notices at bulletin boards and other campus buildings, distributing hard copies to faculty secretaries, and posting the information on the Campus Police webpage. Campus Police will determine how much information is appropriate to disseminate at different points in time and once all pertinent information relative to the incident is obtained, notices will typically be posted within 48 hours. Timely warnings are authorized and issued by the Chief of Police, police sergeant or public information officer. In the event of a significant emergency or dangerous situation involving an immediate threat to the health or safety of student or employees occurring on the campus, the Chief of Police will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system. Key components for this notification system consist of the direct PA announcement of the emergency and the appropriate action to be taken, broadcasted inside the classrooms and alerts sent to all district phones. The second key component is our Blackboard Connect Emergency alert system. This broadcasts the same information in direct communication to all students, faculty, and staff using voice, text messaging and emails. The third key component is our Campus Outdoor Warning System. This outdoor public address system broadcast and displays the situation and provides instruction with appropriate action to be taken. This system is primarily focused on those outdoors and moving about on campus. Follow up alerts with updated information and instructions will be broadcast as more specific information becomes available.

POLICY FOR PREPARING THE ANNUAL DISCLOSURE OF CRIME STATISTICS

The Southwestern Community College District Police Department prepares this report in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. This report is available at any district police office. It is also located on the college's website at <http://www.swccd.edu/index.aspx?page=2526>. This report is prepared by the Southwestern Community College District Police Department. Prospective students and employees are notified of the availability of this report in district information outlets.

REPORTED CRIMES: 2011–2013

Reported in accordance with the Uniform Crime Reporting Procedures and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. A copy of this report is also available at <http://www.swccd.edu/index.aspx?page=2526>. For a more comprehensive list of daily crime activity, please visit any district police department office during operating hours and ask to view the Daily Crime Log. This incident log is updated regularly and includes information on ALL reported crimes that occur on district property. Contact campus police for more information. Southwestern Community College District includes buildings and property owned or controlled by the college within the same contiguous geographic area and used in direct support of the college's educational or institutional purposes. Non-campus building or property includes those owned or controlled by the college and are used in direct support of educational purposes, used frequently by students, and are not within the same contiguous geographic area as the campus. Public property includes city thoroughfares, streets, sidewalks and parking facilities that are within or immediately adjacent to any of the college campuses.

ACCESS TO CAMPUS FACILITIES

Most buildings are open from 6 a.m.–10:30 p.m. Students and staff has been issued identification cards, which they may be asked to display if there is a question concerning their authorized access to a facility. Many campus buildings are protected by intrusion alarms and should be entered only during scheduled work hours. For their own protection, persons should not be on campus more than 30 minutes before or after the hours when college offices are scheduled to be open. Keys are issued to individual staff members

Lost keys must be reported immediately to the employee's supervisor and the Facilities, Operation and Planning Office. Keys should never be loaned to anyone.

MAINTENANCE OF DISTRICT PROPERTY

The Director of Facilities, Operation and Planning works closely with the Southwestern Community College District Police Department to consider safety in the maintenance of district facilities. Lighting surveys are conducted bi-annually by a team of staff, students, and District Police Department personnel. Officers perform building, lighting and parking lot safety inspections as necessary and report any problems to the Facilities Department for correction. Campus Police evaluates new buildings and parking lots, adding emergency call boxes as needed.

CRIME PREVENTION

One of the essential ingredients of any successful crime prevention program is an informed public. It is the intent of the Southwestern Community College District to inform students and staff of criminal activity or security problems that may be a reasonable threat to their physical safety. Such information will normally be distributed to students through this brochure and through student publications, memos, and staff newsletters or publications. All effective crime prevention programs include people watching out for one another; all staff and students being responsible for their own security and the security of others. They are asked to be alert, security-conscious and involved. Call Campus Police to report suspicious behavior. For additional questions regarding crime prevention, contact the department directly at 619.216.6691.

CRIME PREVENTION PRESENTATIONS

As part of the department's community-oriented policing philosophy, Southwestern Community College District Police offers crime prevention presentations each semester to classrooms, campus clubs and student groups as requested. Topics of these presentations include personal safety awareness and property protection strategies. Anyone interested in having a campus police officer speak to his or her classroom or group should contact the Campus Police office at 619.216.6691.
